**Ms. Lassell** grew up in Chelmsford, MA. She earned a Bachelor of Science degree in Animal Science, Equine Option at the University of New Hampshire. She has been at Miner Institute since 1991. As Equine Manager, Karen is responsible for the care of Miner Institute's Morgan Horse herd as well as the equine education programs. Several foals are born each year into the program, allowing for a constant supply of horses in training for one of the many disciplines including English, Western, and driving. Karen's training philosophy is one that blends "natural horsemanship" and traditional training skills to produce a finished horse that is happy in its work. A similar multi-faceted approach is used to prepare students for a career in the equine industry and to teach horse owners how to better understand and care for their horses. Karen is a Regional Vice President for the New York State Horse Council and is currently the president of the Champlain Valley Morgan Horse Association.
